

MARK YOUR CALENDARS!!!

**2008 SUMMER INSTITUTE FOR UNION WOMEN
IT'S ALL ABOUT POLITICS
JULY 9— 13, 2008
at the University of Victoria**

The International Summer Institute for Union Women is back in BC!

The 2008 International Summer Institute for Union Women (SIUW) is proudly being hosted by the B.C. Federation of Labour.

The 2008 SIUW will bring together women activists from BC, California, Washington State and Oregon to focus on political organization, and defeating Conservative governments.

With the 2008 US Presidential elections taking place in November 2008, the BC local government elections this November, a federal election that could be called at any time, and the 2009 BC election looming, it's time for women to focus on changing our governments through political action and organizing.

We hope you will be able to join us in Victoria this July. Watch your mail and our website (www.bcfed.ca) for more information as it becomes available.

For more information on the venue, visit the University of Victoria website at www.uvic.ca.

SEE YOU THERE!
