Dear Mr. Maratea:

This confirms our understanding and agreement regarding employee contributions to the Railroad Employees National Health and Welfare Plan. For each month that the employer is required to make a contribution to the Plan on the employee's behalf for foreign-to-occupation health benefits coverage for themselves and/or their dependents, a monthly cost-sharing contribution by the employee shall be made in an amount equal to 15% (fifteen percent) of the Carrier's then current Monthly Payment Rate. In the event new collective agreements are not negotiated and ratified prior to January 1, 2031, the monthly cost-sharing contribution will not be increased beyond the rate last established under the terms of the January 1, 2025 agreements.

Upon ratification of successor agreement(s), the full 15% employee contribution rate will be reinstated unless otherwise agreed. If the negotiations for such successor agreement(s) result in retroactive wage increases applicable for the period that the parties are in negotiations and the employees' monthly contribution to the Health and Welfare Plan would have otherwise exceeded the rate established under the predecessor agreements, retroactive application will also be applicable to those contribution increases.

This arrangement shall not be cited in future negotiations under Section 6 of the Railway Labor Act (up through and including a Presidential Emergency Board or interest arbitration) as a reason or justification for any future increase in compensation or limit or reduction in employee health care contributions.

Please acknowledge your agreement by signing in the space provided below.

Sincerely,

Salvatore Macedonio
VP Labor Relations, BNSF

I Concur:

Arthur P. Maratea
